

Your guide to recycling in Barnet

Most household waste can be recycled using your blue bin, clear recycling sacks or communal recycling bins. Please ensure items are cleaned and free from food, liquids or other non-recyclable materials.

Yes please

cardboard

mixed paper

plastic bottles

plastic containers, tubs,
pots and trays

mixed glass bottles
and jars

food tins and drink cans

empty aerosol cans

cartons

foil and foil trays

If you have your own blue recycling bin or clear recycling sacks
Flattened cardboard no larger than one metre squared and clean recyclables
in a clear sack can be put out by your blue recycling bin for collection.

Handy tips to recycle right

Around 70% of household waste can be recycled! Recycling helps to reduce the need to source new materials, saves energy and reduces your environmental impact. Recycle all the items listed on the reverse of this leaflet and follow the tips below to ensure you recycle right.

Remember, nappies, food waste, electrical items, clothes and textiles cannot be placed in your recycling bins or sacks.

Remove any plastic wrapping or film from your recyclable materials and dispose of them in your refuse bin or sacks.

Give your bottles and cans a quick rinse before placing them in your recycling bin or sacks.

Place your recycling in your recycling bin or sacks loose, and not in black or plastic bags.

For more information on how to recycle right, and what to do with items that can't go in your bins or sacks, visit:
