I am writing this to express my concerns regarding the Edgware Policy in the proposed Main Modifications to the Barnet Local Plan.

As a resident of the area, I understand the plan has been under development since 2020. However, I only recently became aware of its existence and its potential impact on our community.

Unfortunately, I haven't received any written communication from Barnet Council about the Local Plan, despite its significance for Edgware's future. Given the potential for significant change to Edgware's character and residents' quality of life, I believe wider notification would have been helpful.

I found the volume and complexity of the Local Plan and the related documents overwhelming. The 42-day consultation period seems insufficient for anybody to comprehend the plan's details – especially for anyone with work or caring commitments.

However, I am deeply concerned about the impact of the Local Plan on Edgware and its residents, both present and future.

As a resident on the Harrow side of Edgware we feel the decisions should be made collaboratively between both Barnet and Harrow as it will affect residents on both sides equally. I also feel that this development is far too high density and high rise for such a suburban area. The traffic and parking are already very bad and this will make it so unbearable I would not be able to shop or drive in the area and would have to move out.

In light of these concerns, I would like to express my support for any [representations](#) made by Save Our Edgware and the Edgware Community Association. Please consider their submissions as reflecting my own concerns.

Please can you arrange for this letter to be considered as part of the Equality Impact Assessment?

Yours sincerely

Denise Bridge
