[REDACTED]

I am writing to express my concerns regarding the Edgware Policy in the proposed Main Modifications to the Barnet local plan.

I live around the corner to Edgware town centre and use it daily for shopping or meeting friends for a coffee. My husband has health issues and needs to drive into Edgware but with your development parking will be almost non-existent. A third of Edgware is outside of Barnet and yet you have not included Harrow council in your deliberations or given any weight to the feelings of the Harrow residents who live within Edgware.

To go into the Edgware town Centre with the 4740 new homes and thousands of people and numerous huge tower blocks will make my local town look like something from Gotham city. The loss of public parking is an issue. The underground bus station for electric buses is a massive fire risk and a major concern.

I am deeply concerned about the impact of the local plan on Edgware and its residents both present and future.

In light of these concerns I would like to express my support for any representations made by save our Edgware and the Edgware Community Association. Please consider their submissions as reflecting my own concerns.

Please can you arrange for this letter to be considered as part of the equality impact assessment.

Your sincerely
Diane Minkoff
